

Utah Museum of Contemporary Art is accepting submissions from artists wishing to sell work on consignment in the Museum's Art Shop.

Located in the heart of downtown Salt Lake City, UMOCA's Art Shop specializes in local hand crafted art objects created by artists working in a variety of mediums. The Art Shop is committed to contemporary art and design, and provides an unequalled opportunity for local contemporary artists to display and sell their work in Utah's leading contemporary art institution. More than a gift shop, it is an extension of the museum experience, where patrons are able to purchase a meaningful piece of art, all while supporting local artists and the Museum itself.

All work must be for sale within the price range of \$5 to \$150.
